Volunteer Positions Available:

Pour Volunteers – 2 volunteers will be assigned to each brewer and pour measured amounts of beer for the patrons. Your responsibilities also include helping the brewer reps set up their stations and rinse beer glasses. As each station requires two volunteers, if you know of another volunteer you would like to work with, we will try to accommodate requests.

Staff Volunteers – Your responsibilities will be determined closer to the date, but some of the jobs include: assisting in the VIP tent, brewer tents, or food vendor area, acting as stand-ins for pour volunteers, maintaining water stations, and crowd control.

Security – Your responsibilities will include crowd management tasks.

Set-up and Tear down – Your responsibilities include setting up the festival grounds and tearing down at the end of the night. If you can only volunteer for one, please list. This job includes some lifting and carrying so volunteer only if able-bodied.

We will notify all volunteers within a week prior to the event, and you are expected to arrive early on Saturday for briefing.
